K.T. SURGICO

Manufacturers & Exporters of Quality Dental Instruments

K.T. Road, Rang Pura Sialkot, Pakistan

THE MARKET PLACEMENT OF DENTAL INSTRUMENTS GLOBALLY.

WELCOME TO K.T. SURGICO

For the last 30 years, we have been manufacturing Dental Instruments. We work extremely hard to satisfy our customer needs by producing the finest quality instruments.

At **K. T. SURGICO**, we are pleased to inform you that we make sure the every piece we ship out, exceeds customers specification and expectations.

We are ISO9001-2000 approved facility and also certified by FDA authority USA as well as **CE** mark.

To cater the market needs, we produce our instruments in O.R. grade and Econo-line all O.R. grade instruments cover with life time warranty and Econo-line instruments cover with one full year warranty.

We have hand selected about 2000+ commonly used items for this catalogue. However, if you do not find, what you need in this catalogue, we would be more than happy to assist you in producing counter samples from your master sample, from a sketch / photograph or even a universal part.

We thank you for taking time to go through this catalogue and look forward to assist you any of your Dental instruments needs.

Mian Khalid Mehmood
C.E.O

A

• **TOOTH EXTRACTING
FORCEPS**

K.T. SURGICO

When I was a child and our family dentist put forceps in his hand, I started to cry.
His assistant told me a children's story, wiped my tears away and kept spraying water in my mouth.
All this time Dr. MEHAR removed my decayed tooth and I felt no pain.
What a miracle! I laughed and my mother gave me a quarter and she said she is the tooth fairy.
I asked her if she would give me another quarter if we did it again!
Wow! A finely crafted Precision Instrument in the gentle hands of my family dentist.

B • ELEVATORS

K.T. SURGICO

when ordering elevators, please mention handle style i.e. A, B, C, D, or E.

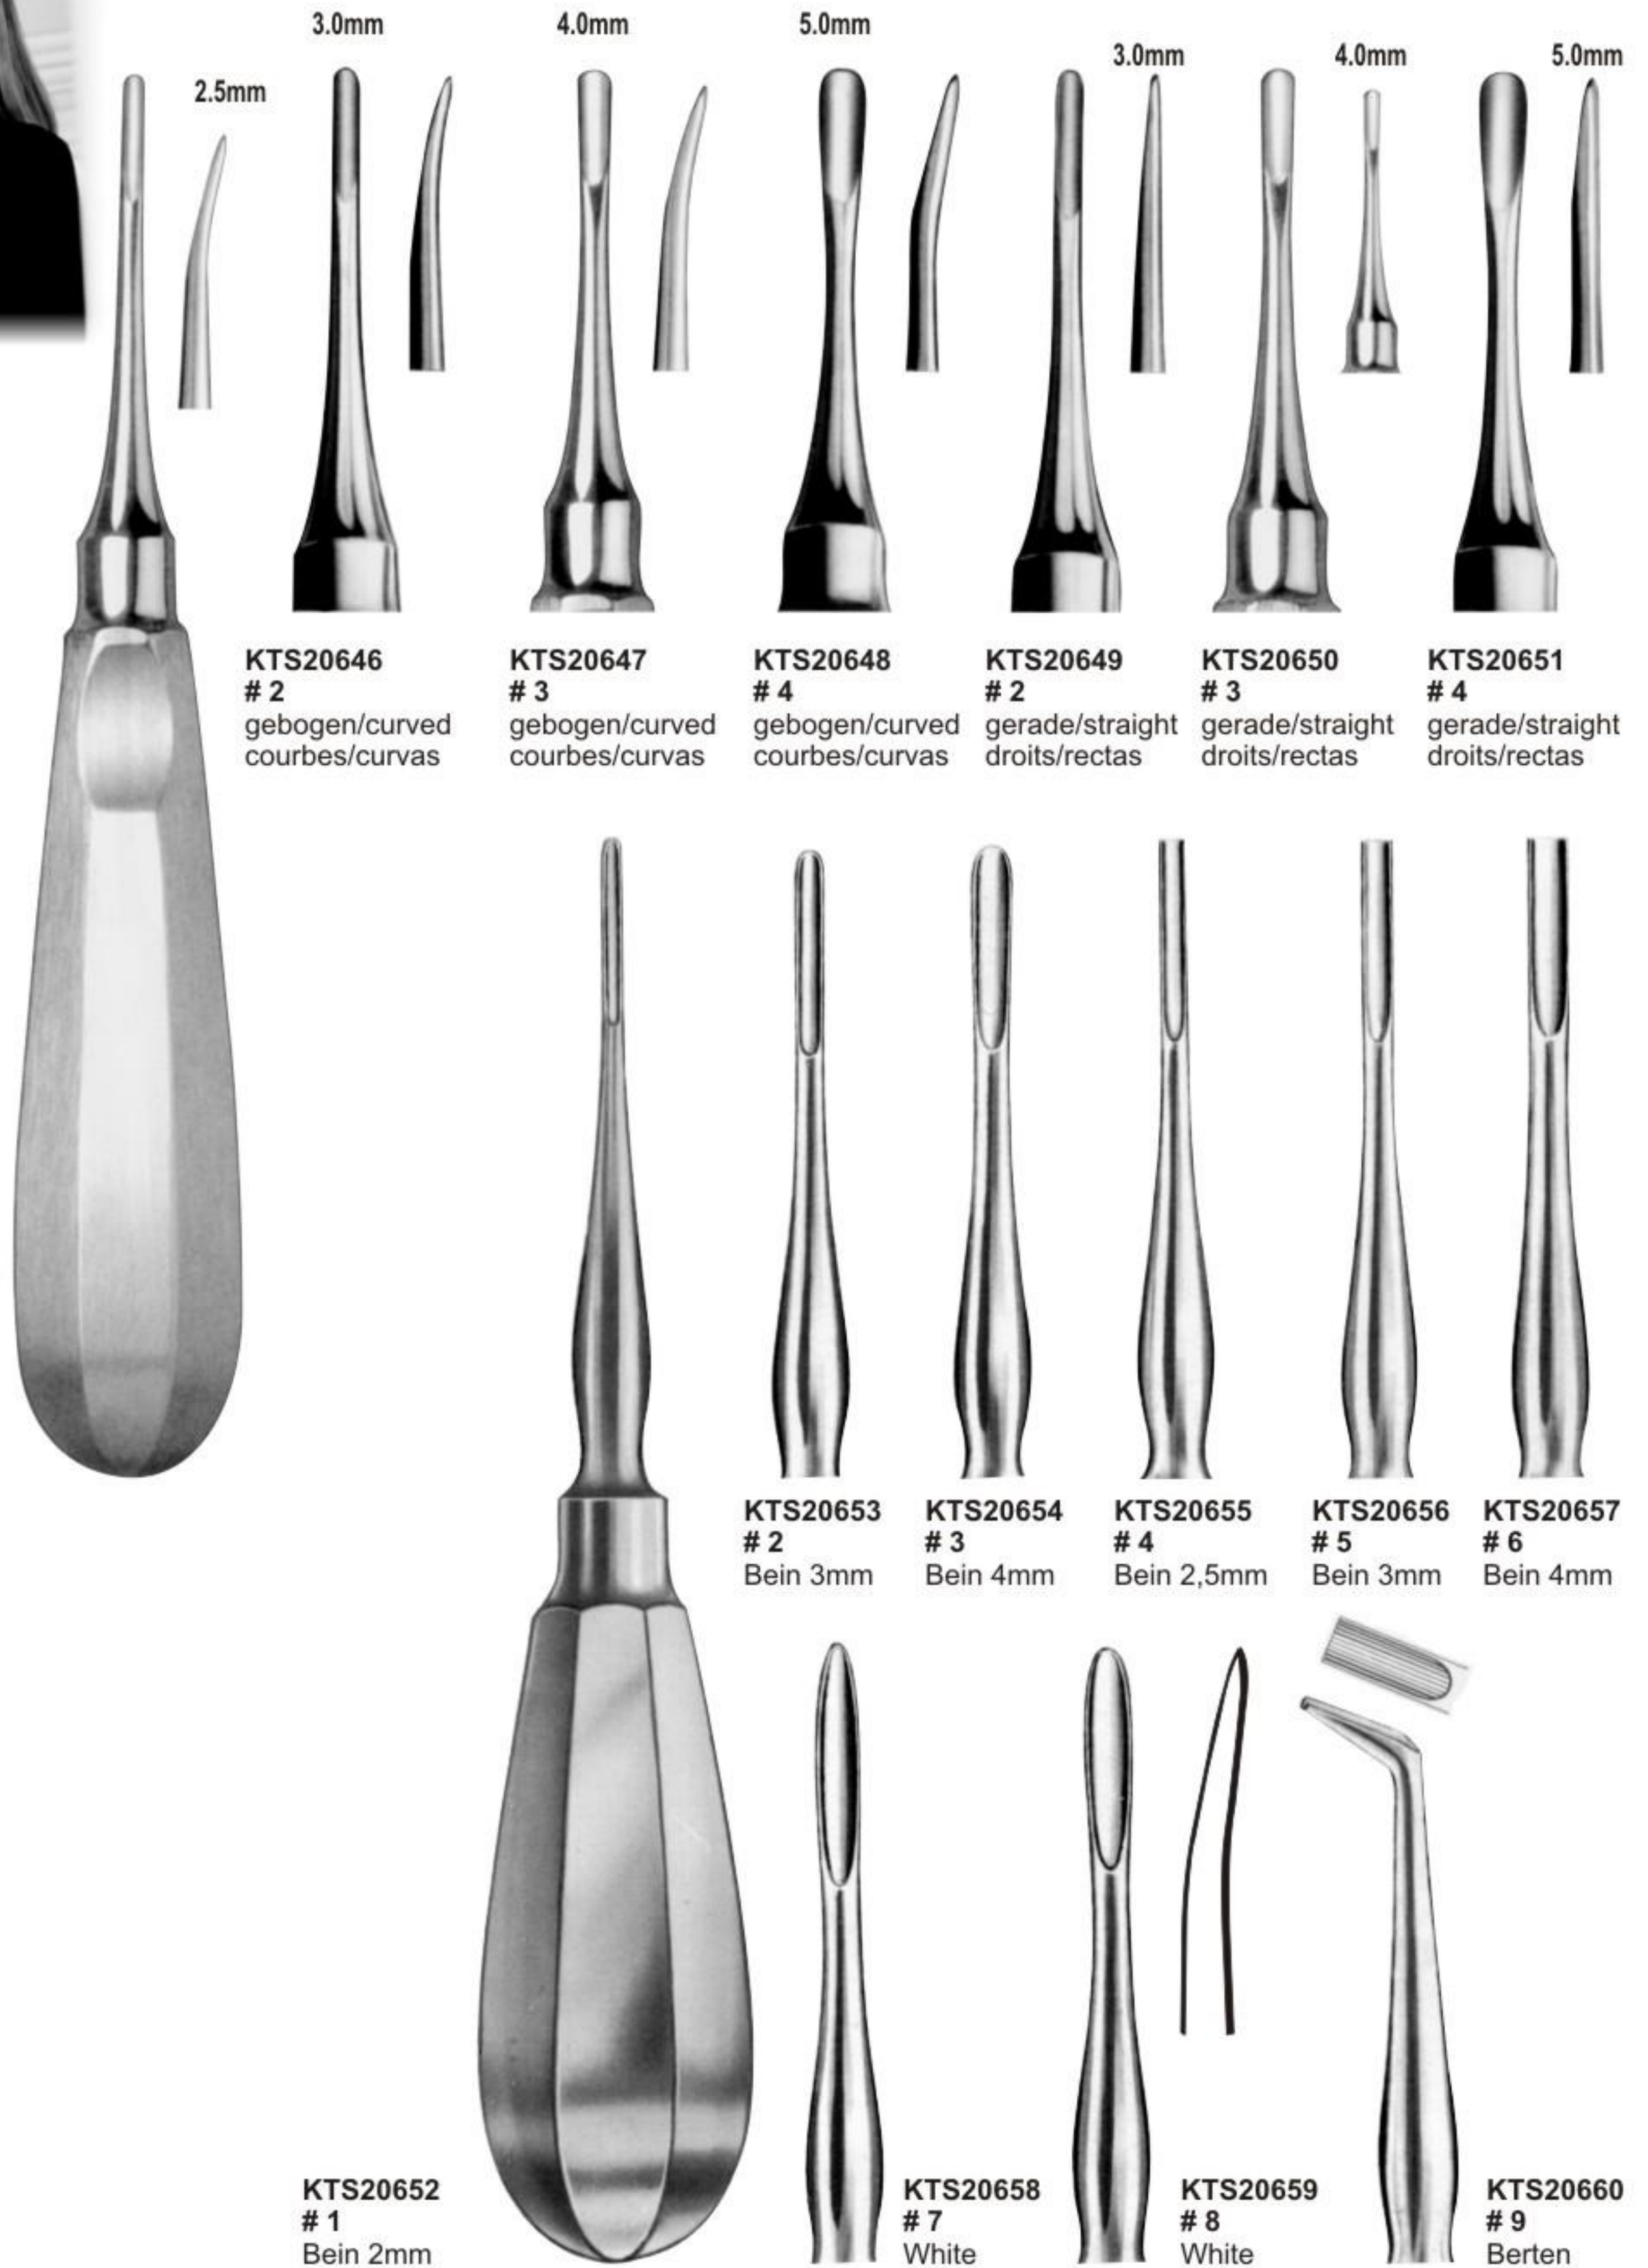

When I visited Dr. MEHAR, I went to the 5th floor on an Elevator my first experience on an Elevator. I pushed all of the buttons 1, 2, 3, 4 5. We stopped on all floors. My mother was angry. Dr. MEHAR, besides giving me a hug explained what a dental elevator does. He said we use it to lift the tooth from its socket and remove the roots using the fine elevator by K.T. SURGICO. He gave me a lolly pop and we said good bye. Going down, my mother held my both hands in the elevator and did not let me push any button.

SCALERS:

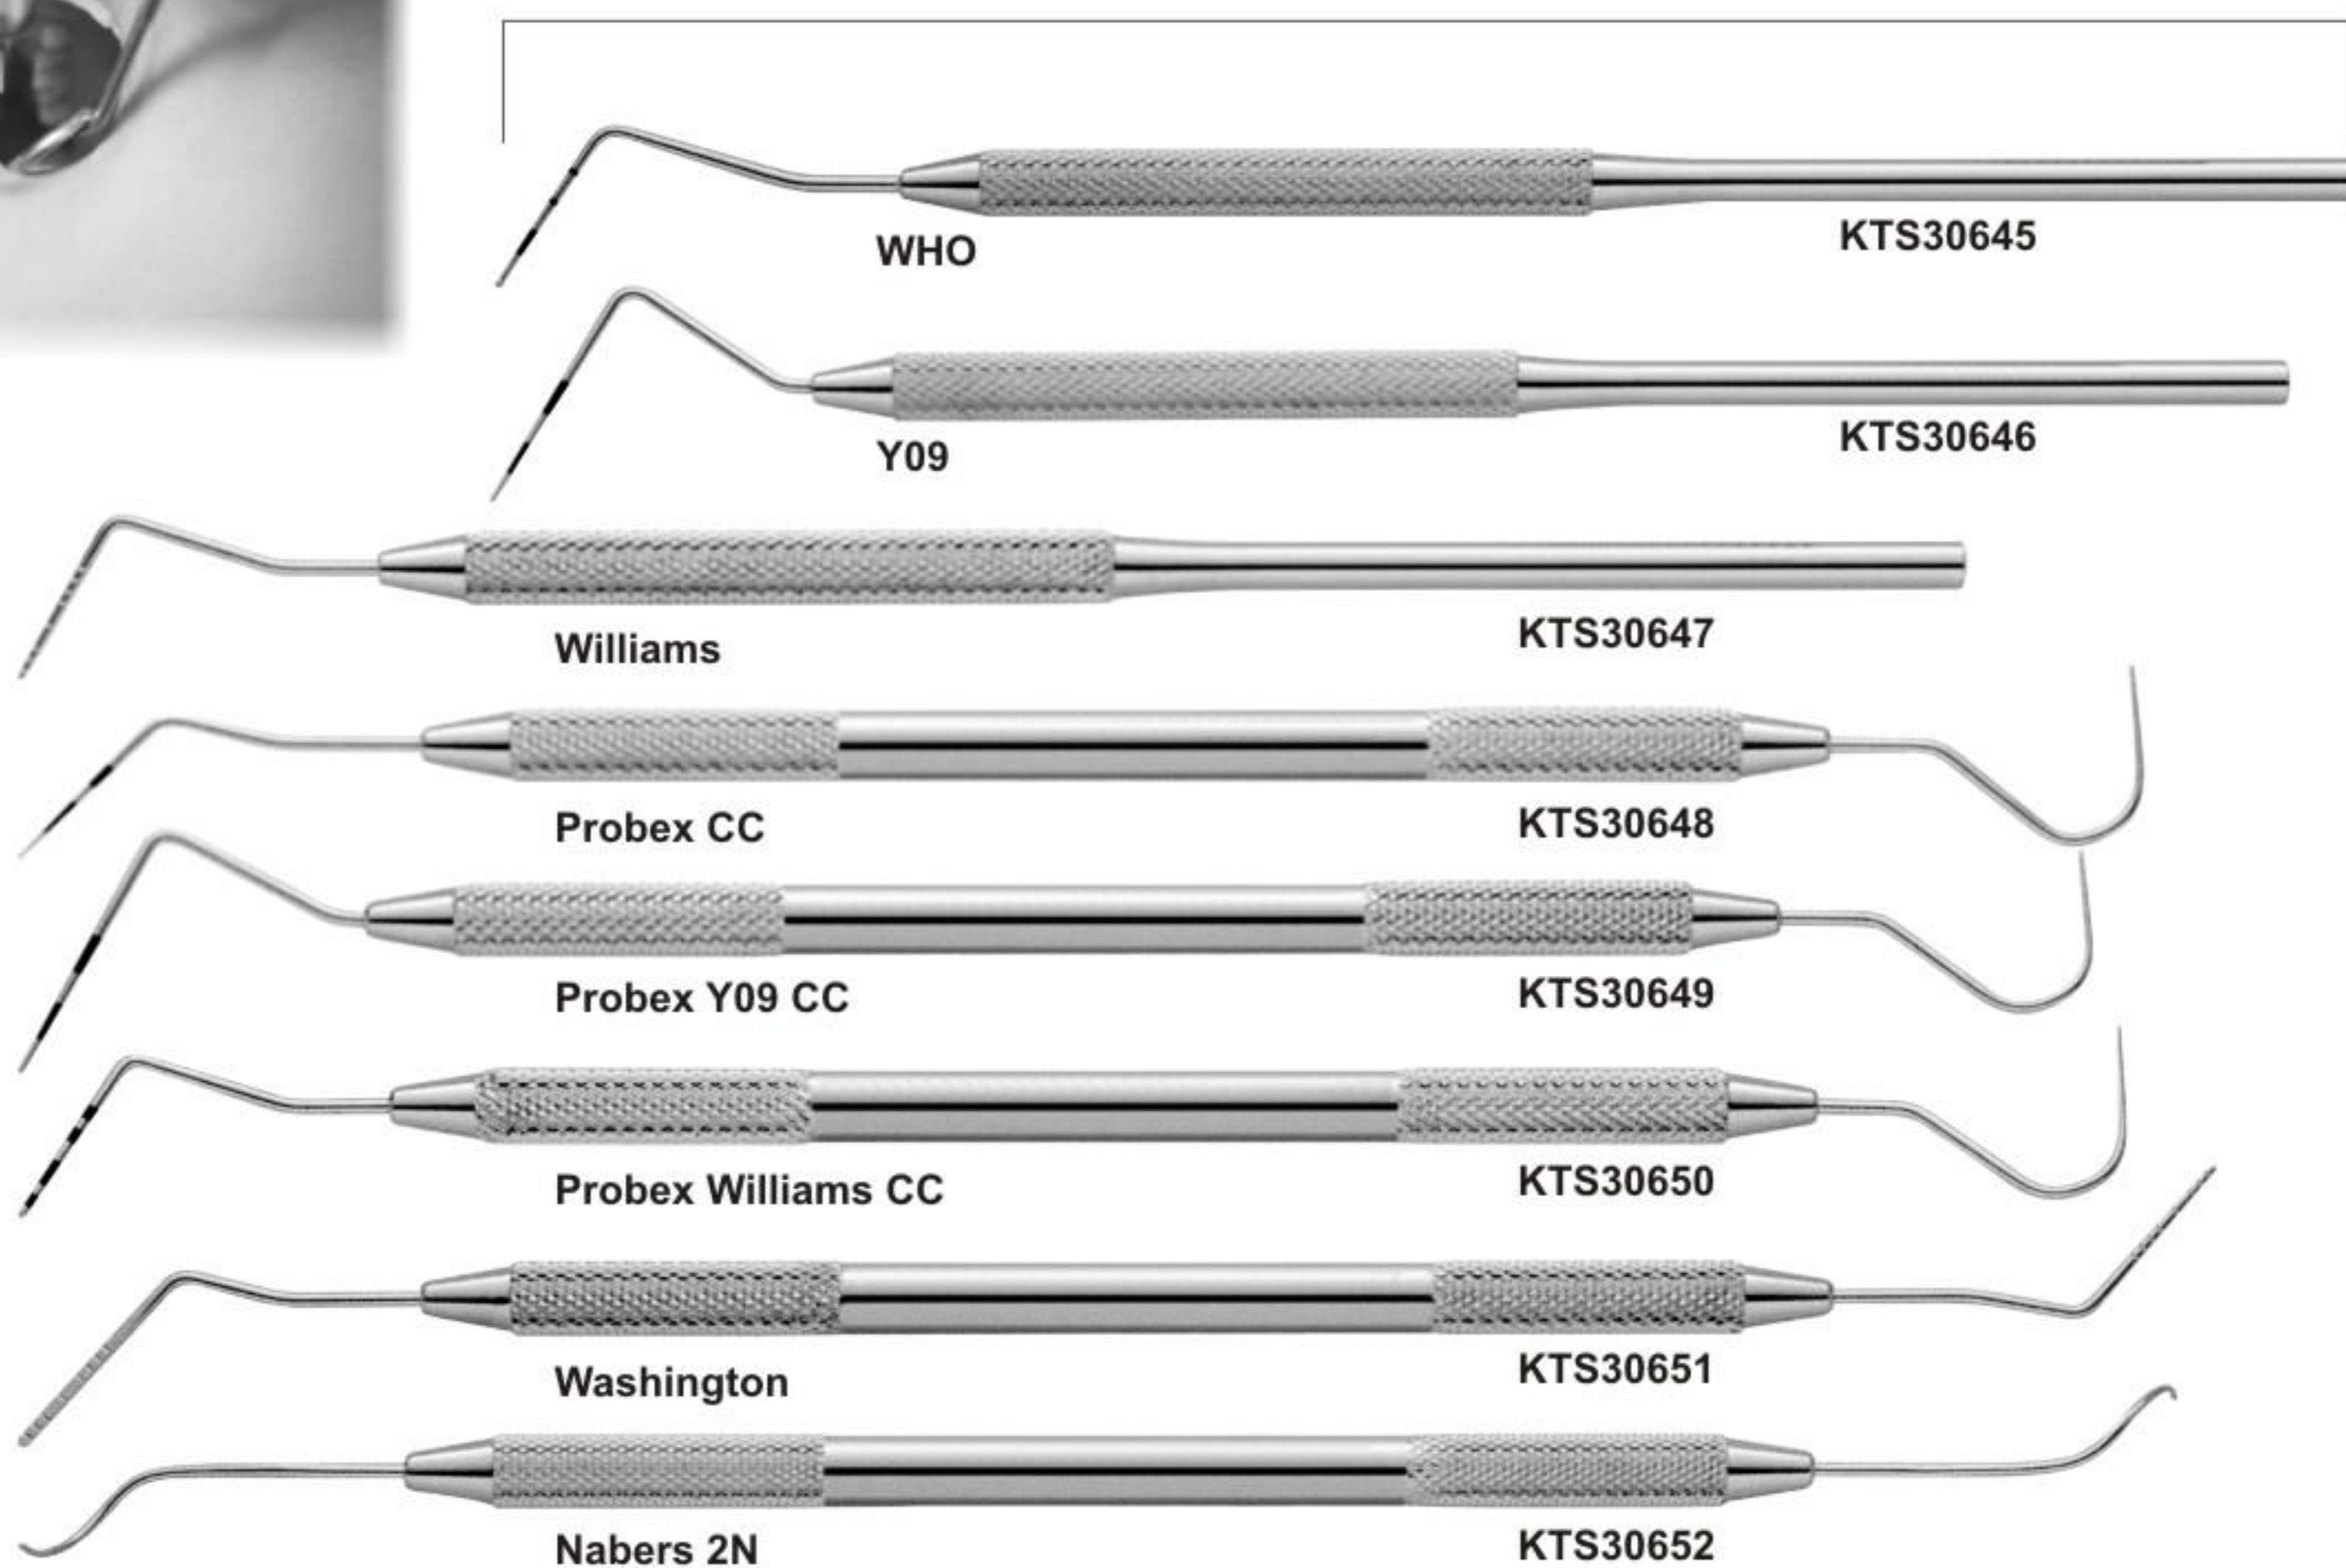

In life we all scale the ladder to reach the goal of our success. At K.T. SURGICO we make scalers that examine, probe, clean, excavate, pick and much more.

We examine our tools, strive to make them perfect, and we send you, our valued customers, a surgical clean tool. We keep examining our humbleness and ethics to make sure that we are treating you, our customer, with the dignity and respect you deserve.

SURGERY INSTRUMENTS

K.T. SURGICO

Wow! My family dentist made my smile beautiful, my teeth strong and gums healthy. I can now bite on an apple, enjoy every bit of a steak, chew and digest my food well. Thanks to my dentist for my smile and people at K.T. SURGICO for making finest dental instruments for my dentist. Now that apple tastes great!

F • IMPLANTS

K.T. SURGICO

Implants are artificial teeth that are screwed into the jaw bone. Implants look, feel and perform like natural teeth. Implants are placed with specialized tools that are made of titanium or surgical grade stainless steel.

LOOK AT ME NOW....

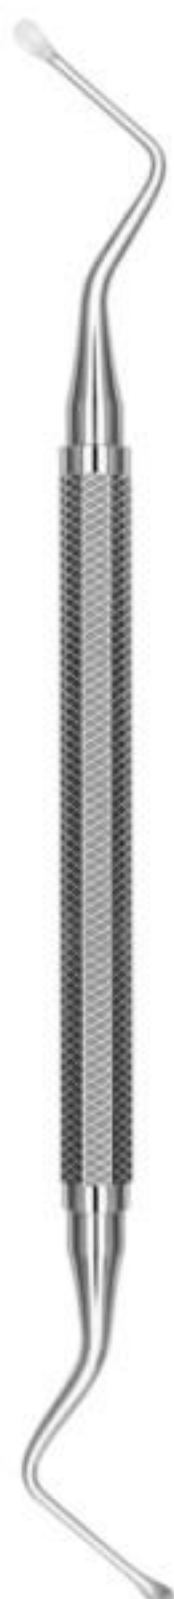

I can smile and show you what my beautiful teeth look like. You keep asking me are they your original teeth? I say why do you ask me such a question? I look young and I feel very happy.

Thanks to the great hands of a professional dentist and his complete use of Precision Instruments that provided me with these beautiful implants, that look great and feel better than my original teeth.

K.T. SURGICO

K.T.Surgico Instruments Care & Handling Specifications

- Brand new instruments should be cleaned prior to first sterilization.
- Contaminated instruments should be processed as soon as possible.
- Stubborn protein particles can be removed with a scrub brush. Do not use steel wool, abrasives or an acid rinse.
- All joints on instruments prior to preparation.
- Lubrication is vital to a long instrument life. Avoid silicon lubricants because they tend to build up and mix with debris to clog moving parts, which becomes almost impossible to remove. Debris buildup can have a "rust-like" appearance.
- Rinse your cleaned instruments in demineralized water. Be sure to remove all residual-cleaning compounds before sterilization, as they can cause stains.
- Dry the instruments thoroughly after rinsing.

K.T.SURGICO WARRANTY PROGRAM

We take commitments to earn the opportunity and the trust to serve the needs of today's health care professionals and will manufacture and distribute cost-effective, reliable and highest quality solutions for today's challenging healthcare environment. KT Surgico offers to its customers a range of more than 7,000 different articles - a large selection, that is continuously expanded and adjusted to the requirements. As a manufacturer of premium quality surgical products we want to satisfy our customers completely and sustainably and give them the best possible service, also beyond the sale.

KT Surgico has a global commitment to quality. We are dedicated to servicing and supplying the medical industry and surgeons with the highest quality products. All KT Surgico products are covered by the following **lifetime warranty**: KT Surgico manufactures only the highest quality surgical equipment. All surgical devices except items mentioned below are unconditionally guaranteed for their lifetime against defects in material and workmanship when used for their intended surgical purpose and cared for in accordance with recommended procedures. Any device proving so defective will, at the sole discretion of KT Surgico, be repaired or replaced free of charge.
